Dear Parents,

Warm greetings from IRPS Family!

We trust this letter finds you and your family in good health. As the summer break nears, we're delighted to share that our dedicated team, under the guidance of the Principal, has curated summer activities for your child.

These activities /assignments, covering all subjects, aim to keep your child engaged in learning and prepare them for the upcoming academic year. They offer opportunities for exploration, skill development, and maintaining a learning routine during the break.

Your support in ensuring your child completes and submits **these activities to be done by your child with your support to the respective class teacher on the first week of July of school reopening after the break is i.e. 1st July to 6th July 2026** will be greatly appreciated. It will contribute to a positive start to the academic year and reinforce the knowledge acquired during the break.

For any queries or concerns, please reach out to the class teachers.

Thank you for your ongoing support and involvement in your child's education. We eagerly anticipate a productive and successful academic year ahead.

Educationally

yours,

Dr R K Dwivedi

PREPARE FOR ASSESSMENT

Dear Children,

Study well and learn all the chapters and topics taught in class.

Revise your notebooks and worksheets regularly.

Do your best and believe in yourself!

ALL THE BEST!
YOU CAN DO IT!

COMPUTER DEVICES

Draw or paste pictures of the main devices and additional devices of a computer in your computer notebook. Write 2-3 lines about them neatly.

MAIN DEVICES

1. MONITOR

The monitor is like the screen of the computer. It shows us pictures, words and videos.

2. CPU

The CPU is the brain of the computer. It processes all the data and gives us results.

3. KEYBOARD

The keyboard helps us to type letters, numbers and commands into the computer.

4. MOUSE

The mouse helps us to move the pointer, click, select and open things on the screen.

ADDITIONAL DEVICES

1. PRINTER

The printer is used to take printouts on paper. It prints our work, pictures and documents.

2. SPEAKERS

Speakers produce sound. They help us to hear music, videos and other sounds from the computer.

3. SCANNER

The scanner is used to scan pictures and documents. It puts them into the computer.

4. MICROPHONE

The microphone is used to record our voice and sound. We can speak into it for recording.

5. HEADPHONES

Headphones help us to listen to sounds privately. They are used to hear music, videos and more.

Computers make our work easy and fast. We should use them carefully and learn new things with them.
